CITY MANAGER'S REPORT SEPTEMBER 12, 2022 CITY COUNCIL REGULAR MEETING

ITEM: **APPROVAL OF CHANGE ORDER NO. 2 WITH NEXTGEN ALPHA UPFITTING FOR THE PURCHASE AND INSTALLATION OF POLICE VEHICLE EQUIPMENT FOR RETROFITTING OF EXISTING POLICE DEPARTMENT FLEET**

RECOMMENDATION: **Adopt Resolution Approving Change Order No. 2 with NextGen Alpha Upfitting for the Purchase and Installation of Police Vehicle Equipment for Retrofitting of Existing Police Department Fleet**

SUMMARY:

On June 29, 2022, the City of Lathrop Police Department (LPD) took over law enforcement services from the Sheriff's Office. The Sheriff's Office gradually began returning the Lathrop Police Services (LPS) vehicles back to the City. Staff reviewed and inventoried the vehicles that were returned and identified four additional vehicles that would remain in the Lathrop Police Department's fleet. The vehicles are two Chevy Tahoes that will be retrofitted as Watch Commander vehicles, a third Chevy Tahoe that will be used as our third K-9 vehicle, and a Ford Fusion that will be used as our Community Resource Officer vehicle. The City has contracted with NextGen Alpha Outfitting (NextGen) to outfit all of the City's new and existing police vehicles. As NextGen received each vehicle to retrofit, they identified additional equipment and components for the nine LPS vehicles that were not in the original approved contract.

The cost to retrofit the four additional vehicles and the additional equipment for the nine LPS vehicles is estimated at \$123,676. There are sufficient funds in Capital Improvement Project GG 21-11 to cover the cost of the contract. Staff recommends that City Council approve Change Order No. 2 with NextGen Alpha Upfitting for the purchase and installation of police vehicle equipment for retrofitting of existing police department fleet.

BACKGROUND:

At the March 22, 2021, Special City Council Meeting, Council directed staff to create Capital Improvement Project (CIP) GG 21-11 to begin the creation of the new Lathrop Police Department, and implement the transition of law enforcement services from the San Joaquin County Sheriff to the City. Council approved the purchase of new police vehicles and entered into a contract with NextGen Alpha Upfitting to upfit our new police vehicle fleet. On May 16, 2022, Council approved Contract Change Order No. 1 with NextGen Alpha Upfitting to retrofit nine LPS vehicles, two Motorcycles, and two Animal Control vehicles.

RETROFITTING OF EXISTING POLICE DEPARTMENT FLEET**

On June 29, 2022, the City of Lathrop Police Department took over law enforcement services from the Sheriff’s Office, and the Sheriff’s Office gradually began returning the LPS vehicles to the City. As NextGen received each vehicle to retrofit, they identified additional equipment and components for the nine LPS vehicles that were not in the original approved Change Order No. 1.

The Lathrop Police Department has been in operation for over two months and there have been staff changes within the department and two new police officer positions added. Staff has reviewed and inventoried the returned vehicles, and has identified four additional vehicles that will remain in LPD’s fleet. The vehicles are two Chevy Tahoes that will be retrofitted as Watch Commander vehicles, a third Chevy Tahoe that will be used for our third K-9 vehicle, and a Ford Fusion that will be used as our Community Resource Officer vehicle.

The table below shows the price change from Change Order No.1 and the requested additional cost for the four vehicles that are requested for approval for Change Order No. 2.

CITY MANAGER'S REPORT **PAGE 3**
SEPTEMBER 12, 2022 CITY COUNCIL REGULAR MEETING
CHANGE ORDER NO. 2 WITH NEXTGEN ALPHA UPFITTING FOR THE
PURCHASE AND INSTALLATION OF POLICE VEHICLE EQUIPMENT FOR
RETROFITTING OF EXISTING POLICE DEPARTMENT FLEET

REASON FOR RECOMMENDATION:

Due to staff changes and two new officer positions added, staff has identified the need for four additional vehicles to be added to LPD's fleet that will need to be retrofitted to meet the approved specifications of the new Lathrop Police Department. It was also identified that additional equipment is needed for the nine other LPS vehicles already being retrofitted by NextGen that was not in the original contract.

The cost for the four new vehicles and the additional equipment for the vehicles is estimated at \$123,676. There are sufficient funds in CIP GG 21-11 to cover the cost of the contract. Staff recommends that City Council approve Change Order No. 2 with NextGen Alpha Upfitting for the purchase and installation of police vehicle equipment for retrofitting of existing police department fleet.

FISCAL IMPACT:

There is sufficient funds in CIP GG 21-11 to cover the cost of this contract. There is no fiscal impact to the City.
