

Quarterly Treasurer Report

June 2022

This report presents a detailed discussion of the City's fund balances and investment portfolio as of June 30, 2022. It includes all investments managed by the City on its own behalf as well as the City's Trustees. The report provides information on cash flows, broken down by both investment manager (City or Trustee) and by percentage allocation within the portfolio.

As of June 30, 2022, the investment portfolio was in compliance with all state laws and the City's Investment Policy.

Current Portfolio Summary

As directed by the Investment Policy adopted by City Council, City staff strives to attain three primary goals with the City's investments as follows (in order of priority):

1. Safety – Preservation of the principal of invested funds
2. Liquidity – Ability to liquidate one or more of the City's investments if unexpected expenditures arise
3. Return – Attainment of a market rate of return

The majority of the portfolio is invested in the Local Agency Investment Fund (LAIF), which is administered by the California State Treasurer's office. LAIF provides the City with an investment vehicle with yields that are slightly greater than U.S. Treasuries (T-bills) with a 2-year maturity or less. LAIF is a high quality investment in terms of safety, liquidity, and yield. Additionally, LAIF is an "On Demand" account; meaning funds may be withdrawn upon with 1 day notice, representing maximum liquidity.

In addition to LAIF, the City holds investments in Money Market Mutual Funds, Nonnegotiable Certificates of Deposit, and State and Local Government Securities (SLGS). These investments are prudent investment choices and are included in the City's Investment Policy as allowable investments.

Each investment mentioned above has a specific maturity date. However, much of the portfolio is On Demand. The short weighted average maturity provides the City with a great deal of liquidity during this period of heightened economic uncertainty and period of low investment yields. This liquidity places the City in a position to invest in longer term maturity investments once interest rates begin to move up toward their historical norms; overall macroeconomic indicators signal solid and consistent growth in future years.

The following table (Table: 1) provides a summary of the City's cash and investments, by holding party, based on recorded value as of June 30, 2022 compared with the prior quarter:

Table: 1

Holding Party	March 31, 2022		June 30, 2022	
	Fund Amounts (1)	% of Portfolio	Fund Amounts (1)	% of Portfolio
Investments/Cash held by the City	\$179,446,487	70%	\$196,532,203	72%
Investments held by Trustees	77,637,682	30%	77,431,294	28%
TOTAL	\$257,084,169	100%	\$273,963,498	100%

(1) Small variances are due to the summation and rounding of multiple figures to the nearest whole dollar

Please see the following pages (Tables: 2 through 5) for a more detailed analysis of transactional additions and reductions due to cash flow needs, debt service payments, and maturities/rollovers of certain investments.

Revenues arrived during the quarter, per City staff expectations, are as follows: utility payments, property tax, franchise fees, sales tax (including Measure C), developer billing fees, grant reimbursements, building permit fees, plan check fees, and Transient Occupancy Tax (TOT).

Significant payables paid out during the quarter include:

- I. Nonrecurring Expenditure Capital Improvement Projects – General Government, Parks, Streets, Water, and Wastewater
- II. Recurring Expenditures
 - a. Contractual – Park & Street Landscaping, and Water Treatment Services
 - b. Intergovernmental payments – San Joaquin County (Police Services), Lathrop Manteca Fire District, City of Manteca (Wastewater Contract)

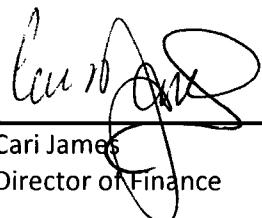

Quarterly Economic Update

According to the latest projections from PFM Asset Management; In Q2, U.S. economic conditions were characterized by: (1) persistently high inflation; (2) declining consumer sentiment; (3) slowing economic growth and increasing recession probabilities; (4) more aggressive Federal Reserve (Fed) monetary policy tightening; (5) rising yields and decade-high mortgage rates; and (6) elevated volatility and risk-off sentiment in credit and equity markets. The focus of headlines on inflation remains very high, with the Consumer Price Index increasing 9.1% year-over-year (YoY) through June, the largest 12-month increase since December 1981. As a result of surging inflation, the Fed lifted the overnight federal funds target rate three times in the first half of 2022, in March, May and June. The last hike was by three quarters of a percentage point (0.75%) to a new range of 1.5% to 1.75%, the largest hike since 1994. The market now expects short-term rates to reach 3.25% to 3.75% by year-end, that path will depend, in part, on how well the economy can handle an aggressive series of rate hikes. Locally, the San Joaquin Valley area experienced a decrease in unemployment rates (San Joaquin County: 5.2%; City of Lathrop: 5.4%).

I certify that all of the investments reported herein are in accordance with the "City of Lathrop Investment Policy" adopted on October 11, 2021, with the Government Code, and other contractual agreements. I further certify the investments reported herein provide for the ability of the City to meet cash flow needs for the next six months.

Stephen J. Salvatore
City Manager

Cari James
Director of Finance
