#### **SUMMARY:**

On March 11, 2024, City Council approved the creation of Capital Improvement Project (CIP) PS 24-32 for Mossdale Pavement Preventative Maintenance (Project) to maintain deteriorated pavement throughout the Mossdale community area. The Project scope of work consists of microsurfacing and re-stripping multiple residential streets bounded by River Islands Parkway, Golden Valley Parkway, and the San Joaquin River.

The bid solicitation package with plans and specifications for the construction of the Project was advertised on March 27, 2024, in accordance with Bidding Procedures in California Public Contract Code (PCC) 22160 and Lathrop Municipal Code (LMC) 2.36.060. The City Clerk received and opened six (6) bids on April 25, 2024. Based on the review and evaluation of the bids, the lowest responsive and responsible bidder for construction of the Project was determined to be American Pavement Systems, Inc. (APS) with a base bid amount of \$1,587,517, alternative bid (1) of \$47,709, and alternative bid (2) of \$75,198 for a total construction cost of \$1,710,424.

Staff requests City Council award a construction contract to APS for construction of the Project in the amount of \$1,710,424 and authorize a 10% construction contingency of \$171,042 for a total cost not to exceed \$1,881,466.

Staff is also requesting Council approve a budget amendment transferring \$1,881,466 from the General Fund Street Repair Reserves (1010) to the CIP Project Fund (3310) to fund the construction contract and a 10% contingency.

#### **BACKGROUND:**

Through the City's Pavement Management System and field observations, staff identified the need to maintain the pavement surface within the Mossdale community area bordered by River Islands Parkway, Golden Valley Parkway, and the San Joaquin River. On March 11, 2024, City Council created CIP PS 24-32 for Mossdale Pavement Preventative Maintenance to resurface the existing pavement.

The Project scope of work also includes removing the existing striping, and installing new signing, thermoplastic striping, bike lane markings, and legends.

The bid solicitation package with plans and specifications for the construction of the Project was advertised on March 27, 2024, in accordance with Bidding Procedures in California PCC 22160 and LMC 2.36.060.

Six (6) bids were received; each determined to be responsive and responsible. The bid results are summarized in Table 1 below:

**Table 1: Summary of Bid Results**

<b>Contractor</b>	<b>Base Bid</b>	<b>Bid Alt (1)</b>	<b>Bid Alt (2)</b>
American Pavement Systems, Inc.	\$ 1,587,516.65	\$ 47,708.50	\$ 75,198
VSS International, Inc.	\$ 1,653,000	\$ 52,000	\$ 75,000
Pavement Coatings Co.	\$ 1,739,761.15	\$ 50,056.50	\$ 93,997.50
Sierra Nevada Construction, Inc.	\$ 1,803,591.50	\$ 46,185.50	\$ 41,230
American Asphalt Repair & Resurfacing Co., Inc.	\$ 1,931,500.55	\$ 45,270	\$ 63,968
Doolittle Construction, LLC DBA Doolittle Road Construction	\$ 1,984,180.50	\$ 45,270	\$ 65,644.50

Staff reviewed and evaluated the bids, and determined that the lowest responsive and responsible bidder is APS. Staff requests City Council adopt a resolution awarding a construction contract to APS for base bid amount of \$1,587,517, alternative bid (1) of \$47,709, and alternative bid (2) of \$75,198 for a total construction cost of \$1,710,424.

Staff also requests City Council authorize a 10% construction contingency of \$171,042 and authorize staff to spend the contingency as necessary to achieve the goals of the Project for a total cost not to exceed \$1,881,466.

**REASON FOR RECOMMENDATION:**

Construction of CIP PS 24-32 is needed to preserve the existing pavement structure, prolong its service life, and increase motorists’ safety within the Mossdale community area. Microsurfacing is a paving treatment that produces a cost-effective solution to transverse, longitudinal, and reflection pavement cracking.
