JUNE 10, 2024 CITY COUNCIL MEETING REGULAR MEETING**

ITEM: PUBLIC HEARING (PUBLISHED NOTICE) TO CONSIDER FISCAL YEAR 2024/25 ASSESSMENTS FOR THE LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 93-1 WOODFIELD PARK MAINTENANCE ZONE

RECOMMENDATION: Council to Consider the Following:

- 1. Hold a Public Hearing; and**
- 2. Adopt a Resolution Amending and / or Approving the Final Engineer's Report and Ordering the Levy and Collection of Assessments for the Landscape and Lighting Maintenance District No. 93-1 Woodfield Park Maintenance Zone for Fiscal Year 2024/25; Proposed Annual Assessment for FY 2024/25 not to exceed \$123.90**

SUMMARY:

At the May 13, 2024 City Council Meeting, Staff presented the preliminary Engineer's Report and Intent to Levy for the Landscape and Lighting Maintenance District No. 93-1 Woodfield Park Maintenance Zone ("Woodfield Park") or ("District") to Council for approval, and requested to set a public hearing date to initiate the final approval process.

The City Council approved the preliminary Engineer's Report and Intent to Levy for the District and set the public hearing date for June 10, 2024. The public hearing was published in the Manteca Bulletin on May 22nd and 29th of 2024.

The revenues for the District do not meet expenditures, and while City Staff has cut costs in an effort to minimize the shortfall, a General Fund subsidy of \$53,710, will be required to maintain current service levels. In order to prevent the annual need of General Fund subsidies, a Proposition 218 balloting of the district's property owners would have to be successfully completed, which would amend the assessment rate and provide for an annual escalation factor. This is not being proposed at this time.

Woodfield Park is proposed to be levied at a rate of \$123.90 per Equivalent Dwelling Unit (EDU). The assessment rate of \$123.90 per EDU has been in effect since Fiscal Year 1998/99 and is not proposed to increase.

Table 1 below displays the current and proposed assessment rates.

Please note that the assessment and budget amounts shown in the final Engineer’s Report have not been modified from the approved preliminary Engineer’s Report on May 13th.

Tonight, the City Council is being asked to approve the final Engineer’s Report for the Landscape and Lightning Maintenance District No. 93-1 Woodfield Park Maintenance Zone and order the levy and collection of annual assessments for Fiscal Year 2024/25.

City Council may order amendments to the Engineer’s Report or confirm it as submitted. If approved, the assessment information will be submitted to the County Auditor-Controller and included on the property tax roll for each benefiting parcel for Fiscal Year 2024/25. The collected monies will fund Woodfield Park operation and maintenance costs.

BACKGROUND:

Maintenance Districts are formed to fund services and improvements that provide special benefit to the properties within the District’s boundaries. Improvements may include landscaping, park sites, street lightning and storm drainage. The Districts levies are made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”), applicable to the provisions of Proposition 218 (California Constitutional Articles XIII C and XIII D).

Each parcel within a District is assessed in accordance to assessment methodology adopted and approved by the City Council at the time of District formation. The assessments are paid by the property owner as a part of each parcel’s secured property tax bill.

NBS performs an annual review of the Districts, evaluating costs of the maintenance, operations, and servicing of the improvements to be maintained. The process is generally initiated in March. Upon the completion of the review, NBS submits a preliminary Engineer’s Report (the “Report”) to City staff which includes a district overview, estimate of costs, method of apportionment, district diagrams, and parcel listing. City staff utilizes the Report findings to produce the District’s annual budget.

The City of Lathrop has eight (8) Maintenance Assessment Districts (MAD): five (5) Landscaping and Lighting Districts (LLMD), including Woodfield Park; three (3) Benefit Assessment Districts (BAD). Woodfield Park was created to fund the cost of the operation and maintenance of specific park improvements within Tract 2051. This includes costs for personnel to maintain buildings and equipment and the cost for contracted park maintenance.

**CITY MANAGER’S REPORT
 JUNE 10, 2024 CITY COUNCIL MEETING REGULAR MEETING
 FISCAL YEAR 2024/25 WOODFIELD PARK BUDGET**

Woodfield Park reporting is submitted on a stand-alone basis due to the size of the district. (Legal guidelines generally prohibit legislative body members from voting on matters involving districts where they reside if the district(s) in question comprise less than 10% of the agency’s total residential parcels as defined by the County Assessor.)

In Fiscal Year 2024/25 Woodfield Park will receive \$54,764 in revenue from assessments. The total expenditures for this District are \$107,150. The District is anticipated to begin Fiscal Year 2024/25 with a reserve fund balance of \$8,819, and increase by \$1,324, to end the year with a balance of \$10,143. However, in order to keep the same service levels in the District, a General Fund subsidy in the amount of \$53,710 would be needed to fund the remaining shortfall.

Table 2 below displays the current and proposed assessment rates.

Table 2

District	FY 23/24	FY 24/25		Notes
	Actual Rates	Proposed Rates	% Change	
Woodfield Park	\$123.90	\$123.90	0.00%	Rate unchanged since FY 1998/99

Woodfield Park is proposed to be levied at a rate of \$123.90 per Equivalent Dwelling Unit (EDU). The assessment rate of \$123.90 per EDU has been in effect since Fiscal Year 1998/99 and is not proposed to increase.

The Woodfield Park District was created several years ago, without a revenue inflation factor. This means Woodfield Park has a maximum assessment rate that does not escalate to mirror increases in district expenses. The imbalance of Woodfield Park’s expenditures will continue due to the lack of the revenue inflation factor. In order to remedy this imbalance, a Proposition 218 balloting of Woodfield Park’s property owners would have to be initiated and successfully completed.

By law, assessments may only increase to the maximum approved amount set by property owners at the time of district formation or annexation. Any proposed increase which exceeds the approved amount requires the approval of the then-current property owners via a Proposition 218 ballot process. Each of the City’s Districts has a maximum assessment amount. The City Council may authorize any level of assessment up to the maximum amount. If it is determined that the maximum amount is not needed, City Council may lower the actual annual assessment without jeopardizing the ongoing maximum assessment.

The final Engineer Report for Woodfield Park is available for review at the City Clerk’s office and the Public Works Department. Copies will be available at the City Council meeting per request.

REASON FOR RECOMMENDATION:

Maintain quality maintenance and service of Woodfield Park.

FISCAL IMPACT:

The Woodfield Park Landscaping and Lighting District has expenditures which exceed revenues. In order to maintain the current service levels in the District, a General Fund subsidy in the amount of \$53,710 would be required to cover the remaining shortfall.

1. EXECUTIVE SUMMARY

The City Council of the City of Lathrop (the “City”), State of California, directed NBS to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained, and an estimate of the costs of the maintenance, operations, and servicing of the improvements for the City of Lathrop Landscape and Lighting Maintenance District No. 93-1 (the “District”) for Fiscal Year 2024/25 including only the Woodfield Park Maintenance Zone. The report includes a diagram for the District showing the area and properties proposed to be assessed, an assessment of the estimated costs of the maintenance, operations and servicing the improvements, and the net amount to be assessed upon all assessable parcels within the District in proportion to the special benefit received;

The proposed assessment rate of \$123.90 per Equivalent Dwelling Unit (“EDU”) has not increased from the previous year. The District is in compliance with the assessment balloting procedures set forth in Section 4 of Article XIII D of the California Constitution and the District was formed by consent of 100% of the landowners;

Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received. The following assessment is made to fund the portion of the estimated costs of maintenance, operation, and servicing of the improvements to be paid by the assessable real property within the District in proportion to the special benefit received:

SUMMARY OF ASSESSMENT

Description	Amount
Balance to Levy	\$54,763.80
Total Equivalent Dwelling Units	442.00
Total Assessment Per EDU	\$123.90
Total Parcels to be Assessed	442

2. OVERVIEW

2.1 Introduction

The City previously formed several maintenance assessment districts for the purpose of providing maintenance services to benefit certain parcels in the City. Over several years, these districts have levied and collected special assessments. In 1993, the districts were consolidated, and now represent distinct zones in the District. The District was formed and the levies made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”). Since Fiscal Year 1998/99, only the Woodfield Park Maintenance Zone has been included in the annual assessment of the District.

This Annual Engineer’s Report (the “Report”) describes the District and the proposed charge per EDU for Fiscal Year 2024/25 based on the historical and estimated cost to maintain the improvements and provide the services that benefit parcels within the District. Maintenance and operation of the facilities provides a healthy alternative for youth and adult activities while protecting the capital investments that have been made within the District.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number by the San Joaquin County (the “County”) Assessor’s Office. The County Auditor-Controller uses Assessor’s Parcel Numbers and specific fund numbers to identify, on the tax roll, properties assessed for special district benefit assessments.

Following consideration of public comments at a noticed public hearing and following review of the Report, the City Council may confirm the submittal of the Report and may order the levy and collection of assessments for Fiscal Year 2024/25. If approved, the assessment information will be submitted to the County Auditor-Controller and included on the property tax roll for each benefiting parcel for Fiscal Year 2024/25.

2.2 Effect of Proposition 218

On November 5, 1996, California voters approved Proposition 218 by a vote of 56.5% to 43.5%. The provisions of the Proposition, now California Constitutional Articles XIII C and XIII D, added substantive and procedural requirements for assessments which affect the City’s landscaping and lighting maintenance assessments.

The assessment rate of \$123.90 per EDU has been in effect since Fiscal Year 1996/97 and is not proposed to increase. The District is in compliance with the assessment balloting procedures set forth in Section 4 of Article XIII D and the District was formed by consent of 100% of the landowners.

2.3 Plans and Specifications for the Improvements

The City operates, services, and maintains Woodfield Park (5.49 acres).

The District includes parcels within Tract 2051 and consists of a residential area generally located east of I-5, west of the Union Pacific Railroad, and north of Lathrop Road. Parcels within this zone receive special benefit from the Woodfield Park improvements. Specific improvements within this zone include planting materials, irrigation systems, drainage systems, natural drainage areas, fencing, restroom facilities, playground equipment, picnic facilities, and hardscape.

Description	2024/25 Budget
Personnel Services	\$10,438.00
Maintenance & Operations	79,750.00
Capital Costs / Fixed Charges	2,032.00
Subtotal	\$92,220.00
Indirect Costs	14,930.00
Total District Costs	\$107,150.00

3.3 Balance to Levy

Total District Costs – Includes personnel services, maintenance and operations, capital, and indirect costs determined above.

Contribution to (from) Operational Reserves – The Operational Reserves item provides funds to operate the District from the time period of July 1 (beginning of the Fiscal Year) through December when the County provides the City with the first installment of assessments collected from the property tax bills. This eliminates the need for the City to transfer funds from non-District accounts to pay for District charges during the first half of the fiscal year. Negative amounts shown here are transfers that are used to reduce the Balance to Levy. Using reserve amounts in this way allows the Levy per EDU to remain at prior period rates, despite increases in District costs.

Contribution to (from) Capital Reserves – The Capital Reserve Account item provides funds to maintain reserves for extraordinary maintenance items and unexpected capital expenditures that may occur as a result of natural occurrences or other unforeseen circumstances.

Balance to Levy – This is the total amount to be levied and collected through assessments for the current fiscal year. The Balance to Levy represents the sum of the total direct and administration costs, reserves, contributions, and other revenue sources.

The following table shows the total costs, additional revenues, and the Balance to Levy for Fiscal Year 2024/25.

Description	Amount
Total District Costs	\$107,150.00
Other Revenue Sources ⁽¹⁾	(53,710.00)
Contribution to (from) Operational Reserves ⁽¹⁾	1,323.80
Balance to Levy	\$54,763.80

(1) Includes General Fund contribution.

3.4 Operational & Maintenance Reserve Information

The following table shows the estimated balance of the Operational and Maintenance Reserves.

Description	Amount
Estimated Beginning Balance – July 1, 2024	\$8,818.93
Contribution to (from) Operational and Maintenance Reserves	1,323.80
Estimated Ending Balance - June 30, 2025	\$10,142.73

4. METHOD OF APPORTIONMENT

4.1 Method of Apportionment

Pursuant to the Act, the costs of the District are apportioned by a formula or method which fairly distributes the net amount to be assessed among all assessable parcels in proportion to the estimated special benefit to be received by each such parcel from the maintenance, servicing, and operation of the improvements. The formula used for the Woodfield Park Maintenance Zone reflects the homogenous composition of the parcels, as well as the improvements and services provided to fairly proportion the costs based on the estimated benefits to each parcel. The assessment has been levied in accordance with the assessment methodology adopted and approved by the City Council at the time of District formation.

The basis of benefit for the District was determined to be equal for all EDUs within the Woodfield Park Maintenance Zone.

The method used to calculate the assessments within the Woodfield Park Maintenance Zone is as follows:

$$\text{Total Balance to Levy} / \text{Total EDU} = \text{Levy per EDU}$$

To determine the EDU for single-family residential parcels, the Benefit Unit Factor (BUF) is multiplied by the number of developed residential units on the parcel.

To determine the EDU for vacant (no buildings) residential parcels, the BUF is multiplied by the number of residential units that can be built on the parcel.

To determine the EDU for unimproved residential parcels, the number of potential parcels is calculated per the approved tentative map and the BUF is multiplied by that number of parcels.

All parcels in the District have been developed as single-family residential and there are currently no vacant or unimproved residential parcels.

4.2 Benefit Unit Factors

The following table shows the Benefit Unit Factors.

Property Type / Land Use	BUF per Unit
Single-Family Residential	1.0
Vacant Residential Parcels	1.0
Unimproved Residential Parcels	1.0

6. PARCEL LISTING

Assessor's parcel identification, for each lot or parcel within the District, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

A listing of assessor's parcels assessed within the District for Fiscal Year 2024/25, along with the assessment amounts, is on file in the office of the City Clerk and incorporated herein by reference. Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The parcel listing of assessments is provided on the following pages.
