

Quarterly Investment Report

December 2018

This report presents a detailed discussion of the City's investment portfolio as of December 31, 2018. It includes all investments managed by the City on its own behalf as well as the City's Trustees. The report provides information on cash flows, broken down by both investment manager (City or Trustee) and by percentage allocation within the portfolio.

As of December 31, 2018, the investment portfolio was in compliance with all state laws and the City's Investment Policy (see Attachment 1).

Current Portfolio Summary

As directed by the Investment Policy adopted by City Council, City staff strives to attain three primary goals with the City's investments as follows (in order of priority):

- 1. Safety Preservation of the principal of invested funds
- 2. Liquidity Ability to liquidate one or more of the City's investments if unexpected expenditures arise
- 3. Return Attainment of a market rate of return

The majority of the portfolio is invested in the Local Agency Investment Fund (LAIF), which is administered by the California State Treasurer's office. LAIF provides the City with an investment vehicle with yields that are slightly greater than U.S. Treasuries (T-bills) with a 2-year maturity or less. LAIF is a high quality investment in terms of safety, liquidity, and yield. Additionally, LAIF is an "On Demand" account; meaning funds may be withdrawn upon with 1 day notice, representing maximum liquidity.

In addition to LAIF, the City holds investments in Money Market Mutual Funds, Nonnegotiable Certificates of Deposit, and State and Local Government Securities (SLGS). These investments are prudent investment choices and are included in the City's Investment Policy as allowable investments.

Each investment mentioned above has a specific maturity date. However, much of the portfolio is On Demand. The short weighted average maturity provides the City with a great deal of liquidity during this period of heightened economic uncertainty and period of low investment yields. This liquidity places the City to invest in longer term maturity investments once interest rates begin to move up toward their historical norms; overall macroeconomic indicators signal solid and consistent growth in future years.

The following table (Table: 1) provides a summary of the City's cash and investments, by holding party, based on recorded value as of December 31, 2018 compared with the prior quarter:

Table: 1				
	September 30	, 2018	December 31,	2018
Holding Party	Fund Amounts (1)	% of Portfolio	Fund Amounts (1)	% of Portfolio
Investments/cash held by the City	\$84,978,674	71%	\$85,271,214	69%
Investments held by Trustees	\$35,185,795	29%	\$37,906,188	31%
TOTAL	\$120,164,469	100%	\$123,177,401	100%

⁽¹⁾ Small variances are due to the summation and rounding of multiple figures to the nearest whole dollar

Please see the following pages (Tables: 2 through 5) for a more detailed analysis of transactional additions and reductions due to cash flow needs, debt service payments, and maturities/rollovers of certain investments.

Revenues arrived during the quarter, per City staff expectations, are as follows: utility payments, property tax, franchise fees, sales tax (including Measure C), developer billing fees, grant reimbursements, building permit fees, plan check fees, and Transient Occupancy Tax (TOT).

Significant payables paid out during the quarter include:

- I. Nonrecurring Expenditure Capital Improvement Projects General Government, Parks, Streets, Water, and Wastewater
- II. Recurring Expenditures
 - a. Contractual Park & Street Landscaping, and Water Treatment Services
 - b. Intergovernmental payments San Joaquin County (Police Services), Lathrop Manteca Fire District

Quarterly Economic Update

According to the latest projections from the Business Forecasting Center at the University of the Pacific, California's economic growth is forecast at a strong 3.4% through 2019, and then declining to 1.9% in 2021 as recession risk grows. Regionally, the Central Valley is expected to show job growth due to the booming logistics sector as it has added jobs to the trucking and warehousing industry. In addition, the Center estimates that most Central Valley metro areas will average single-digit unemployment in 2018. The strengthening housing market is lending support to manufacturing, which was hit by deep federal government spending cuts and slowing global demand. Locally, the San Joaquin Valley area experienced a decrease in unemployment rates (San Joaquin County: 5%; City of Lathrop: 4.6%). While these rates are within the forecasted levels, caution is key to carry out with the business demands of the City.

I certify that all of the investments reported herein are in accordance with the "City of Lathrop Investment Policy" adopted on November 5, 2012, with the Government Code, and other contractual agreements. I further certify the investments reported herein provide for the ability of the City to meet cash flow needs for the next six months.

Stephen Salvatore
