ADDENDUM NO. 1

**Lathrop Generations Parking Lot
Project No. CIP PK 20-01**

This addendum amends the Contract Drawings and Specifications for this project as follows:

1. The deadline for bid submittals for this project **has been advanced one hour to 2:00 pm on Thursday, April 2, 2020.**
2. Add the statement below to the Notice to Contractors – PK 20-01 after the first paragraph:

“Due to COVID-19 safety precautions and pursuant to the State of California Governor’s Executive Order N-35-20, the following bid submittal protocol has been adopted by the City of Lathrop for Contractors wishing to submit bids in-person.

A Contractor wishing to submit their bid in-person shall bring their sealed bid to the City Council Chambers through the western-most doors to City Hall by **1:50 pm on Thursday, April 2, 2020.** Once inside, Contractor shall drop their bid into the box marked “BIDS FOR PK 20-01” and promptly exit the Council Chambers until 2:00 pm. Bids will be opened in a public forum, but due to social distancing recommendations from the State of California, all contractors will maintain a minimum of 6’ separation from each other at all times. No sign-in sheet will be provided, so each contractor is required to attach a business card with contact information to the outside of their bid package.

The City of Lathrop reminds all bidders to respect social distancing guidelines when inside the City Council Chambers, and thanks you for doing your part to slow the spread of COVID-19 while continuing to conduct business.”
